STATEMENT RE: COMPUTER READABLE FORM OF SEQUENCE LISTING

SIR:

The above-identified application is apparently held abandoned for failure to respond to the Notification of Missing Requirements mailed October 16, 2001. Applicant filed a response to the Notification of Missing Requirements on December 14, 2002. Accordingly, the holding of abandonment is in error. A Petition to Withdraw Holding of Abandonment was filed on January 16, 2003. Applicant has not received a ruling on said petition.

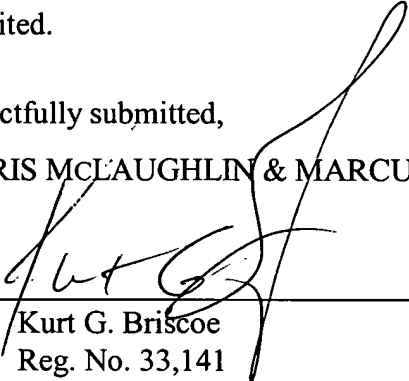

The undersigned telephoned the USPTO and was informed that the diskette containing the sequence listing has not been received. A copy of the return receipt postcard acknowledging receipt of the diskette containing the sequence Listing is attached. A second computer diskette containing a computer readable form of the paper Sequence Listing embedded in the specification is being forwarded herewith. The undersigned hereby certifies that the paper

Sequence Listing does not introduce new matter, and that the content of the paper Sequence Listing and the computer readable form copy is the same and includes no new matter.

Consequently, Applicants respectfully request that the holding of abandonment be withdrawn, and that this application be returned to pending status.

Early and favorable action is earnestly solicited.

Respectfully submitted,
NORRIS McLAUGHLIN & MARCUS, P.A.
